

#### 1. INOSPA HOTEL AND MEDICAL

Advanced Al-Based System for the Management of Medical Spa Operations

#### 2. INOSPA CHECKIN APP

Client and procedure tracking using QR codes

#### 3. INOSPA ESIGN APP

Digital signatures

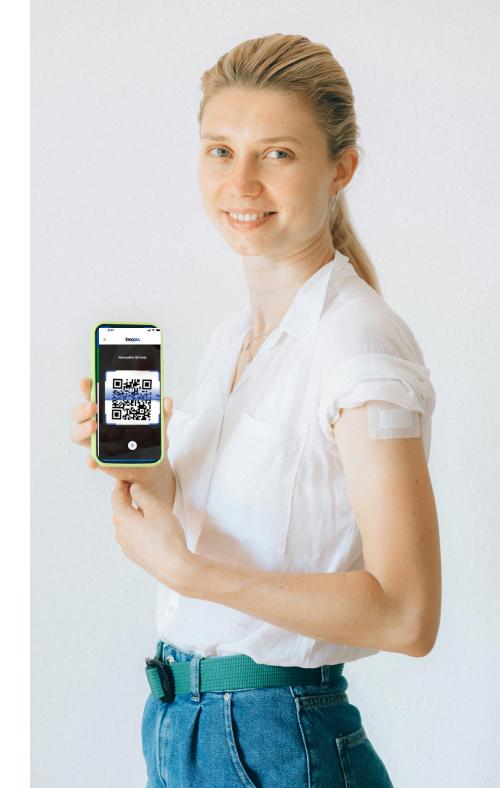

# 1. INOSPA HOTEL AND MEDICAL

The system's distinctiveness and exclusivity are attributed to its journey map-based approach, which facilitates the efficient management and sharing of client information all across organizational units and specialists.

### 2. INOSPA CHECKIN APP

Allows medical spa specialists to digitally record the client's arrival at the location where the procedure was performed using QR codes and scanners, generate reports on the services provided, and manage the specialists' workloads.

#### Registruokite procedūrą, skenuodami kliento QR kodą

Baigti darbą

Ataskaita

# 3. INOSPA ESIGN APP

Enables a medical spa to collect client signatures using forms prepared by the institution.
